

Thermo Scientific
Barnstead Water Purification Systems

Overview guide

Thermo
SCIENTIFIC

Smart H₂O

for you and your science

Pure water is elemental to the success of your experiments. But finding the right water system for your research goes deeper than water quality alone. You need a smart choice that supports both your science and your budget – not only on day 1, but with every cartridge and filter change. One that reflects 130 years of innovations, like feed water monitoring, hands-free dispensing and effortless cartridge change-outs. With a Thermo Scientific™ Barnstead™ lab water system, the only thing you'll have in your water is confidence.

INNOVATION

- Ergonomic designs improve control and put advanced features at your fingertips
- Feed water monitoring protects against crucial fluctuations that compromise purity
- UV intensity monitoring reduces the risk of false TOC readings

FLEXIBILITY

- Choose from compact systems with numerous mounting options and flexible dispensing features
- Customize equipment to your preferred settings with tilting control panels and a selection of stand-alone models on wheels
- Mix and match systems to achieve specific water purity and volumes as required by your unique application and water source

CONVENIENCE

- Order with one part number and receive a complete system
- Quick-change cartridge designs offer easy maintenance
- Our experts can select the right system for you with the Thermo Scientific™ H₂O Select™ analysis program

Cartridge and Filter Systems

Exceptional value and versatility

Up to 4 L/min	Up to 1 L/min	< 0.5 L/min

OUR WATER EXPERTS MAKE SELECTING THE RIGHT SYSTEM EASY!

Request a complimentary H₂O Select analysis kit and let our experts recommend the ideal water system for your application, based on your feed water quality, laboratory applications, volume requirements and budget. Visit thermoscientific.com/select

Type 1 Ultrapure (18.2 megohm)

Flexible array of easy-to-use systems designed to provide the Type 1 water you need

Up to 200 L/day

Up to 15 L/day

Up to 300 L/day

Up to 200 L/day

Up to 70 L/day

Barnstead GenPure xCAD Plus

- Remote dispenser provides full system control and outstanding flexibility
- TOC with UV intensity and feed water monitoring
- Volumetric dispensing
- Flexible mounting options
- Can add up to two more dispensers to system

Barnstead GenPure Pro

- Flexible dispensing
- TOC with UV intensity and feed water monitoring
- Volumetric dispensing

Barnstead GenPure

- Variable flow dispensing
- TOC with UV intensity and feed water monitoring
- Flexible mounting options

Barnstead MicroPure

- Compact system
- Feed water monitoring
- Variable flow dispensing

Barnstead E-Pure

- Simple design
- Easy maintenance

Barnstead LabTower EDI

- Stand-alone system
- Utilizes EDI technology
- Integrated 100 L tank with recirculation to optimize purity
- Bottom-mounted rollers
- Produces both Type 1 and 2 water

Barnstead Smart2Pure

- Compact system
- Optional remote dispenser
- Integrated 6 L tank for 3 and 6 L/hr models; 30 or 60 L tank options for 12 L/hr model
- Produces both Type 1 and 2 water

Pretreated To Type 1

Tap To Type 1

Type 2 Pure

A variety of solutions for your tap to Type 2 water needs

Up to 40 L/hr

Up to 13 L/hr

Up to 38 L/hr

Barnstead Pacific TII

- Flexible mounting options
- Available with 30, 60, or 100 L tank
- Optional UV lamp
- Tank water recirculates to maintain purity
- Optional remote dispenser

Barnstead LabTower TII

- Stand-alone system
- Integrated 100 L tank
- Optional UV lamp
- Bottom-mounted rollers
- Tank level is user set
- Optional remote dispenser

Barnstead Mega-Pure Still

- All-glass still
- High temp cut-off standard
- Optional Automatic Control of System (ACS)

Barnstead Classic Still

- Tin-lined still
- Double-walled boiler
- Q-baffle removes pyrogens
- Includes low water cut-off
- Optional steam model

Tap To Type 2

Reverse Osmosis

Economical and effective RO solutions

Up to 40 L/hr

Barnstead Pacific RO

- Flexible mounting options
- Available with 30, 60, or 100 L tank
- Optional remote dispenser

Barnstead LabTower RO

- Stand-alone system
- Integrated 100 L tank
- Bottom-mounted rollers
- Optional remote dispenser

Tap To RO
