

Lect. No.	Time	GENERAL	FOCUS PHARMA
	8:00 - 8:30	Registration & Welcome	
	8:30 - 8:45	Introduction	Introduction
1	8:45 - 9:30	Thermo Scientific Dionex Ion Chromatography, the Applications and Automated Sample Preparation for Chromatography and Mass Spectrometry Roman Repaš, Technical Sales Manager IC/SP Thermo Fisher Scientific	The Thermo Scientific Vanquish HPLC Series and Its Capabilities for Pharma Alexandra Manka, PhD, Technical Sales Manager HPLC Thermo Fisher Scientific
2	9:35 - 10:20	Regulated Analysis of Drinking Water by Thermo Fisher Instruments - ISQ & TSQ Miloš Korman, PhD, Technical Sales Manager GCMS Thermo Fisher Scientific	LC-MS Impurity ID and Extractables & Leachables Workflows Luka Milivojević, Technical Sales Specialist, Chrom. & MS Thermo Fisher Scientific
	10:20 - 10:40	Coffee Break	
3	10:40 - 11:25	Thermo Scientific Vanquish UHPLC Systems – Advanced Setups for Analytical Challenges Alexandra Manka, PhD, Technical Sales Manager HPLC Thermo Fisher Scientific	Thermo's New iCAP RQ Plus ICP-MS – Making Analyst's Work-life Easier, Including up to 25% Higher Productivity Burkhard Stehl, Technical Sales Manager TEA Thermo Fisher Scientific
4	11:30 - 12:15	Challenges and Solutions for Environmental Analysis Luka Milivojević, Technical Sales Specialist, Chrom. & MS Thermo Fisher Scientific	Using GC Orbitrap Mass Spectrometry to Confidently Identify Leached Packaging and Process Impurities Miloš Korman, PhD, Technical Sales Manager GCMS Thermo Fisher Scientific
	12:15 - 13:15	Lunch Break	
5	13:15 - 14:00	Thermo's iCAP PRO Optical ICP Series - High Speed with Lowest Running Cost for Environmental Samples, Enabling +1000 Measurements a Day with Only One ICP Burkhard Stehl, Technical Sales Manager TEA Thermo Fisher Scientific	Thermo Scientific Dionex Ion Chromatography, Pharmaceutical Applications and Automated Sample Preparation for Chromatography and Mass Spectrometry Roman Repaš, Technical Sales Manager IC/SP Thermo Fisher Scientific
	14:05 - 14:45	Open Questions & Discussion	Open Questions & Discussion
	14:45 - 15:00	Closing Remarks	Closing Remarks

How to Solve Your Problems Using Advanced Analytical Techniques
